

Air Sailing invites you to watch the recording of the Safety Briefing Webinar ([Registration Required](#))

Who: Members of Air Sailing who may have missed the live webinar and would like to receive a safety briefing

What: A recording of the Safety Briefing Webinar (runs 1 hour and 38 minutes)

Where: Zoom (recording)

When: Available through Monday, August 31, 2020

Why: Prior to their first tow of the year, pilots operating from Air Sailing Gliderport are required to:

- Receive a safety briefing,
- Read the "[Air Sailing Gliderport 2020 Operating Procedures Manual](#)",
- Certify their understanding of that manual by signing the "[Operating Procedures Manual Acknowledgement Log](#)", and
- Provide proof of [acceptable aircraft insurance](#).

Watching this recording of the Safety Briefing Webinar and following the accreditation steps will satisfy a portion of these requirements. (A subsequent safety briefing webinar discussing airport operations in the COVID-19 environment is also required.)

The Operating Procedures Manual and Acknowledgement Log are available for download on the website.

What If I Can't Watch It?: You may receive a [personal safety briefing from a briefer](#).

How: For accreditation, follow these steps:

- 1) [Register to watch the recording](#)
- 2) While watching, take careful note of each poll's phonetic alphabet designation
- 4) Include each poll's designation on your [OPM Acknowledgement Log](#)
- 5) Follow [document procedures](#) to return your OPM Acknowledgement Log

Special Circumstances: Due to current special circumstances and rapid changes to the COVID-19 situation, all information in this message is subject to change.

Questions?: Contact [David Volkman](#) (see e-mail address on [Trustees](#) webpage).
